

USNER

USNER CHEMICALS

Chemical Technology
For Your Industry

We provide chemical technology
bringing you sustainable success.

Our Story

Usner Chemicals was founded in 1949, an uniquely challenging era when everything required a powerful restart. Focusing on the chemical needs for foundries in the first decades, today we also provide chemical-technical consultancy and trade in thermoset materials as well as silicone elastomers. We source from around the globe in order to serve the middle European market providing best possible chemical technical know-how. We offer innovative products within the full diversity of chemicals.

Who we are

Being a family-run enterprise since three generations, we constantly seek to foster loyal and reliable entrepreneurial relationships with our clients and suppliers. We take great pride in the remarkable stability of our skilled and experienced team. Today, more than four generations and 255 years of professionalism are represented among our staff. Our team enables us to ensure a state-of-the-art service and a concentrated focus on offering customized solutions around the globe. We are always acting with the long term in mind and with the highest sense of responsibility to our clients.

Our Mission

Out of an optimal location in the very heart of Europe, we provide sustainable, worldwide business operations aligned to your organization's local needs and objectives. We deliver chemical technology for your special requests – reliable, experienced and right where you are.

Mag. Clemens Usner
Managing Director

Chemical Technology By Your Side

Special Additives

Nanocompounds
Core-shell
Reactive liquid polymers
CTBN

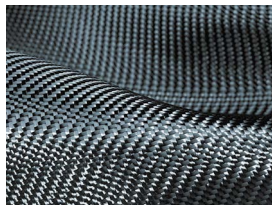

PUR

Clear cast
2K adhesive
Prepolymer

Prepreg

Carbon fibre
Glass fibre
Hybrid

Silicone

Hydroxy-terminated PDMS
(Condensation curing)
Vinyl-terminated PDMS
(Addition curing)
Silane modified
Polymers SMP
Catalysts
Reactive Diluents

Epoxy

Resin
Hardener
Tailor-made systems
Reactive diluents
Rubber modified

Reinforcement Materials

Carbon fibers
Glass roving
Mats

Polyester

Gel coat
Top coat
UPES
Vinylester

Liquid Silicone Rubber [LSR]

Electric power
Industrial
Automotive

Medical

Source Area

Austria, Belgium, China, Czech Republic, France, Germany, Korea, South Africa, South Korea, Thailand, USA

Sales Area

Austria, Bulgaria, Czech Republic, Croatia, Germany, Hungary, Poland, Romania, Serbia, Slovakia, Slovenia and Ukraine

Our customers operate in the following industry sectors:

- Composites
- Automotive
- Paints
- Adhesives
- Electric Insulators
- Sealants
- Coating
- Abrasives
- Aerospace
- Casting
- Flooring
- Sanitary
- 3D Printing
